EXECUTIVE SUMMARY

Junior Software Developer with a Diploma in Full stack Software Development from Code Institute. Proficient in Python, Javascript, HTML and CSS. **I have used these skills to produce projects of varying complexities which are linked below.** I have 3 years experience working in retail. I am a valuable team-player with strong communication skills and effective problem solving ability.

EDUCATION

Code Institute

Diploma in Full Stack Development

- Classification: Merit

Dublin

October 2023

Thorén Business School

Vocational Degree, Commerce Program

Uppsala

June 2022

NON PROFESSIONAL PROJECT EXPERIENCE

Gender Predictor - [GitHub Link](#)

- Machine learning project written in Python with TensorFlow and other machine learning libraries for predicting gender based on facial features using convolutional neural networks.
- Uses a Citadel architecture pattern, hosting the main logic and frontend in the monolith. The machine learning model is hosted separately as an outpost.
- Accessed using a frontend which has been implemented with Streamlit. Users can upload images of a person to have their gender classified
- Deployed using Heroku. Versioned using GitHub.

Project Hub - [GitHub Link](#)

- Developed a full stack application written in Python with Django and PostgreSQL as datastore.
- A social platform in which users can display their software projects.
- Implemented multiple levels of authorization for both admin and user accounts.
- Complete with all the CRUD functions, allowing users to create, edit, delete, and read the posts of other users.
- Uses multiple external APIs to support functionality.

Portfolio Site - [GitHub Link](#)

- Developed a portfolio site using React.
- Hosted on a custom domain, deployed using GitHub Pages.
- Developed with high focus on UX principles to create a positive user experience.

WORK EXPERIENCE

Jan Björkmans Transport AB

Carrier

Uppsala

2023

- Worked part-time as a carrier for the IKEA department while studying for Code Institute.

Ahlberg-Dollarstore AB

Store employee

Uppsala

June 2021 – June 2023

- Worked full-time as a store employee with departmental responsibility.

FURTHER NOTES AND EXPERIENCE

- Participation in a Code Institute Hackathon - worked on the design and logic implementations.
- Fluent in Swedish and English both written and verbally.
- Swedish drivers licence.
- Experienced working with basic photo editing in Adobe Photoshop.
